Summary:

Motivated MCA student with a strong foundation in Java, SQL, and full-stack web development using React.js, Node.js, and MySQL, passionate about solving real-world problems through clean and innovative software solutions. Backed by hands-on experience building full-stack applications and an industry-oriented internship, and eager to contribute to a dynamic team while continuously learning and growing as a developer.

Internship:

Unified Mentor - Intern

July 2024 - August 2024

- Developed a **Personal Portfolio Website** to showcase profile, skills, projects, and contact details using modern web technologies.
- Built a **Gym Management System** with advanced features such as member registration, attendance tracking, subscription management, and data handling.

Infosys Springboard - Virtual Internship 7.0

June 2026 - August 2026

- Selected for the **8-week Infosys Springboard Virtual Internship 7.0** (June - August 2026), an industry-oriented program focused on real-world software development and problem solving.
- Developed the **Organizational Knowledge Gap Intelligence Platform**, a solution designed to identify, analyze, and bridge knowledge gaps across teams within an organization.
- Built intelligent modules to **map employee skills, detect missing competencies**, and recommend targeted learning resources to close identified gaps.

Projects:

GiftSoul - Personalized Gifting Marketplace:-

- Built a full-stack gifting marketplace connecting gift creators with buyers, featuring product listings, creator profiles and a dynamic homepage powered by REST APIs (React, Node.js/Express).
- Implemented group (pool-funded) gifting that lets multiple users contribute toward a single gift, with automated email notifications and a customer reviews & testimonials system.
- Designed an engaging, fully responsive UI with a 3D animated gift-box hero to deliver a smooth and modern shopping experience.

PhotoConnect - Photography Booking Platform:-

- Developed a MERN-stack platform for discovering and booking photographers, with JWT authentication, user profiles and Cloudinary-based photo uploads.
- Built photographer portfolios, a booking system and an explore/dashboard experience backed by a Node.js/Express and MongoDB REST API.
- Crafted a responsive "Editorial Noir" UI with 3D scroll and lens-zoom animations, optimized across mobile and desktop.

Skills:

Technical Skills

- Programming Languages:** Java, C
- Frameworks/Libraries:** React.js
- Database:** MySQL
- Concepts:** OOPs, DBMS, Data Structures
- Tools:** Git, GitHub, VS Code

Soft Skills

- Leadership
- Team Collaboration
- Time Management
- Strong Analysis & Logical Thinking

Education:

Master's in Computer Application (MCA)

2025-2027 (Pursuing)

G.L. Bajaj Institute Of Technology and Management, Greater Noida
Secured 7.74 SGPA in 1st Semester

Bachelor's in Computer Application (BCA)

2022-2025

Silver Bells Institute For Hgher Education, Shamli
Secured 70.83%

Certification:

- Java foundation from Infosys Springboard.
- Be10x Ai Workshop (About AI Tools)
